

# Your Physical Metal Authenticity & Delivery Checklist

- Dealer Verification:** Check for a transparent buyback policy and clear spread pricing above spot.
- Purity Standards:** Ensure gold bars/coins are at least .995 fine and silver is .999 fine.
- Secure Delivery Protocols:** Verify the shipment is 100% insured, requires a signature upon arrival, and uses discreet, unbranded packaging.
- Safe Storage Prep:** Establish secure vaulting or home safe arrangements *before* the delivery truck arrives.
